INTRODUCTION TO PROVIDENCE GROUP

With contracts from the U.S. State Department, DOD, NGOs, and private sector clients worldwide, the owners of Providence Group have been awarded over 50 million USD in contracts over the past 15 years of industry experience. Our services, in broad terms include, mission and operational support, training, demining, logistics and integrated security services. In concert with our partners, we help develop defense capabilities, threat assessments, and crisis and emergency response plans, in order to better ensure regional stability, security, and ultimately, prosperity.

Our vision is to protect client personnel, equipment and establish an environment that is safe to work in.

Providence Group has extensive experience working throughout the diverse regions of Africa, the Middle East, Eastern Europe and South America. Our expertise lies in our knowledge and ability to work in high-risk environments and our ability to quickly and efficiently respond to emergency situations.

MISSION

Our mission is to elevate the capabilities of our governmental and private sector partners so they can more effectively plan, train and deploy sufficient resources to meet conflict transformation objectives.

AFRICA

Providence Group is headquartered in Centurion, South Africa with well-established contacts and access through:

- > Nigeria
- > Mali
- > Ghana
- > Libya
- > South Sudan
- > Somalia
- > Ethiopia
- > Kenya
- > Tanzania
- > Uganda
- > Mozambique
- > The DRC
- > Republic of Congo
- > Angola
- > South Africa
- > Mauritius
- > Chad
- > Rwanda
- > Zimbabwe

MIDDLE EAST

PG is headquartered in Amman, Jordan, with well-established contacts and access through:

- > Iraq
- > Palestine
- > Syria
- > Turkey

EASTERN EUROPE

PG is headquartered in Warsaw, Poland, with well-established contacts and access through:

- > Ukraine
- > Bosnia

SOUTH AMERICA

PG is headquartered in Santiago, Chile with well-established contacts and access through:

- > Peru
- > El Salvador
- > Columbia

PG also has Teaming Agreements in India, Nepal and China.

SERVICES

Providence Group is able to provide the following services to our clients in the mentioned regions and within acceptable timelines with regard to planning, deployment of personnel and the delivery of equipment.

SECURITY

Providence Group's leadership team draws on its years of military and private security experience as a seasoned and trusted provider of security services in high-risk/threat environments, developing regions and remote areas.

From a Manpower perspective, Providence Group employ only highly skilled professionals to safeguard infrastructure, high-value assets, and personnel.

Providence Group provides integrated security services including-

- > Fixed site and mobile protection,
- > High-threat protection,
- > Security Risk Assessments and Planning,
- > Information and intelligence reporting
- > Security Awareness Programs for companies working in High Risk Areas.
- > Travel Security Briefings to assist company personnel

MARITIME

Providence Group provides the following Maritime services:

- > Onshore and offshore liaison and security staff for seismic, exploration, and commercial oil and gas blocks in African coastal waters.

- > Armed vessel security teams for HRA transits. Embark and debark teams from Africa, Fujairah, The Red Sea, and Sri Lanka, amongst other locations.
- > Provision of patrol, escort, and crew support vessels along with commercial tug boats.
- > Provision of training and security support staff for embedded maritime projects.
- > Ships Agency Services at numerous African ports.
- > STCW95 and firearms competency training.

K-9

Providence Group provides the following K-9 services:

- > Explosive Detection Dogs (EDD)
- > Drug Detection Dogs
- > Mine Detection Dogs (MDD)
- > Patrol Dogs (Attack dogs)

For K9 Manpower, Providence Group also provides trained, highly skilled and certified K-9 operators that can be deployed on short notice. Providence Group has ability to train foreign nationals as K-9 operators during the same time that K9's are being trained.

COUNTER TERRORISM

Providence Group is of the opinion that the threat of terrorism is a global phenomenon that does not happen only in conflict areas. The threat evolves rapidly and is increasingly decentralized from historical terrorism hot-spots/regions.

PG will assist in putting together an information-gathering network and train staff to be aware and vigilant and to report suspicious behavior. Security awareness training is an important tool that we have first-hand knowledge and can develop these programs according to the needs of individual clients.

TRAINING

Domestic

Domestically, Providence Group is able to provide a diverse training program that can meet almost any need for today's chaotic world. We are currently developing a high technology training facility with different types of training to include multiple real world live fire scenarios. PG has partnered with Troysgate to produce the most effective training model for Law Enforcement, Military and civilian personnel. Utilizing the Troysgate patented target system PG is able to customize your firearms training needs. We are located near Charleston South Carolina on a 94-acre facility. We are able to customize a training plan to help your employees be prepared for a potential deadly encounter. PG is able to customize a training program for everyone from security companies to church groups. Our training facility is currently under construction and will be fully operational by years end 2019.

International

Providence Groups International training facilities are equipped with pistol, shotgun, and rifle ranges. Weapons and ammunition are staged and a secure armory for storage is present. These sites have lodging with hot and cold water, meals, classrooms, and all necessary transportation to facilitate a successful training cycle. In short, we have all necessary tools to conduct all types of security, military , DOD, DOS, and UN training.

DEMINING

Conflict regions across the globe have witnessed countless battles and upheavals. As a result, there are vast expanses of land in remote areas that have become minefields or home to unexploded ordnance (UXO). Today, these minefields and UXO pose a threat to the development of numerous resource-rich regions.

Besides being proficient and competent in UXO and landmine removal, Providence Group has also developed landmine and UXO Safety Briefings to mitigate risk. We work in conjunction with our clients and their staff and help them minimize the risk to their personnel and crew by conducting a mine-awareness program during the operations without affecting the client's work program.

Our demining and UXO clearance services include:

- > General Landmine Risk Assessment
- > Technical Survey – Area reduction Programs
- > Battle Area Clearance - We can be fully operational with equipment and personnel within 7 working days.
- > Manual Mine Clearance (Area specific)
- > Mechanical Mine Clearance
- > Mine Risk Education (MRE)

LOGISTICS

Construction / Operational Maintenance

Providence Group provides construction, architectural and engineering services as well as operational and maintenance services in both high and low risk environments. We support and utilize an integration of energy conservation and environmentally friendly products and practices in maintenance protocols and procedures.

Equipment

Through our vast network of worldwide vendors, Providence Group can provide, in a fast and proficient manner, all necessary equipment to complete the client mission at hand. Our Group can provide from both US and local/regional sources uniforms, boots and tactical gear. We can also supply the client with ammunition, optics, body armor and other needed items at competitive rates.

Transportation

Airplane charters, Heavy Lift Helicopter, and Ground Transport.

Manpower

Providence Group offers personnel from the security, engineering, medical, construction, mechanical, agricultural and general labor fields. All personnel are properly vetted to include passports, immunizations, physical testing, medical physicals, criminal background / INTERPOL and psychological tests. We carefully maintain an international network of highly trained, meticulously selected personnel, enabling personnel to be deployed rapidly and efficiently across the globe at any time and in any situation. Our unique commitment to meeting the needs of its personnel ultimately benefits the client in the form of a truly world-class staff.

Basecamps

We have the ability to supply basic and more advance needs for Base Camp purposes. These Additional Base Camp needs are in two categories, firstly for small tent-age groups and secondly of a more permanent nature.
